VORWORT

Sechs Jahre lang hat das Kaiserreich Mandschukuo seine Aufbauarbeit durchgeführt; und vieles ist inzwischen erreicht worden, durch die Zusammenarbeit mit dem Japanischen Kaserreich, dem Stabilisierungsfaktor im Fernen Osten, sei es, was es auch sei, auf dem politischen, wirtschaftlichen und kulturellen Gebiet. Auf unerschütterlich festem Fundament steht heute das junge Reich da, mit modernen Organisationen und Einrichtungen versehen. Seine Aufgabe liegt in erster Line darin, zur Wiederherstellung der richtigen Ordnung auf der Welt und zur wirksamen Zusammenarbeit der Völker beizutragen und somit der Aufrechterhaltung des Weltfriedens zu dienen. Das geht aus seinen ernsten Bestrebungen deutlich hervor, in voller Erkenntnis der Zersetzungsgefahr der Kommunistischen Internationale seine Beziehungen zu Deutschland und Italien, und neuerdings Franco-Regierung frendschaftlich gestalten zun wollen.

Die beiden vorliegenden Hefte, die bis zum letzten Blatt mit nationalem Stolz und Aufrichtigkeit ausgearbeitet sind, stellen das junge schaffende Volk des Mandschukuos dar, aber auch

dürften sie als eine Proklamation für seine künftige Entwicklung gelten.

Kaiserliche Regierung von Mandschukuo

FOREWORD

The constructive work of Manchoukuo has steadily been carried out last six years. She has succeeded in laying a solid foundation for building an up-to-date country in her political, economic, industrial and cultural achievements with the aid of Japan which no one denies to be the stabilizing power in the Far East. Manchoukuo is now equipped with everything necessary to be called one of the modern countries.

To-day it is evident that strong desire for peace and order is awakening among many nations. United in close friendship with Germany, Italy and Spain under General Franco, Manchoukuo is constantly working under the "Golden Flag of Co-operation" to bring about the realization of peace of the world.

This pictorial-graph was compiled with care and with profound feeling of affection towards our own country so that it may reflect the true image of young Manchoukuo—creative and dynamic. The record of her recent achievements will no doubt give a happy promise of still brighter future for the Far East.
